Iloilo City Brgy.
Sampaguita

SPECIFICATION

- light source power 15w
- solar panel: 18V 12w monocrystalline
- Lithium battery: Lifepo4 12.8V 6Ah
- Led chips: Bridgelux from USA with high brightness luminous 1000lm
- charge time:6-7 hours
- color temperature:6000-6500k daylight
- visual angle: 120deg
- material:Die casting aluminum alloy
- product size:530*320*70mm
- Auto ON at night time and OFF at day time, infrared motion sensor, photosensor
- working time:10 hours full power
20hours saving mode
- IP65 outdoor waterproof
- infrared motion sensor
- installing height:3m
- 4kg gross weight
